FOREWORD

Suddenly we're seniors, looking back. Looking back on our work—the experiments we performed in chemistry, the pies we baked in home ec., the mystery of typing and shorthand—quite clear, now, the Spanish verbs we memorized. And we remember our hours of pleasure—the glamour of the Junior Prom, the thrill of class plays and the fun of working on the Monarch, the hours spent at Ted's, the excitement of basketball games. We remember the dam frozen in winter and warmed for swimming in summer. We remember walking home from school on spring days, coats off, steps slow. But most of all we remember the people —the teachers who are suddenly our friends; our classmates, some, friends since primary school and freshmen days, some, new friends. We leave the school room for the last time. We aren't high school students now; we aren't coming back. But somehow we can't say "good-by".

Assistant Principal President Principal

Student Council Officers

• ADMINISTRATION •

Seated: Mr. John E. Turner, president. Absent: Mrs. Edith H. Guyer, secretary.
Standing: Messrs. Burton Morgan; Harold Eddy; Roscoe S. Corson, vice-president; William Grittner; and Frank T. Fought, treasurer.

BOARD OF EDUCATION

The Board of Education wishes to congratulate the members of the Staff and the Faculty Advisers for a well arranged and complete list of school events and activities for the 1947-48 term. Each year a better school annual has been produced and the Board thanks all who have helped to contribute toward producing the Yearbook.

The Board also wishes to thank the Business and Professional Women's Club of Hughesville for the award of a cash prize at Commencement to the member of the Senior Class with a perfect attendance record; also the Hughesville Textile Company for its scholastic awards to each of the classes.

Class of 1948:

How quickly Time passes! Yesterday—1936—is the Past; today—1948—is the Present—tomorrow—the Time after Commencement—is the Future. There is nothing you can do about Time except to see that it passes fruitfully. How fruitful was the Time during the twelve years of your formal education, you alone know best.

If you accomplished more during those twelve years than your classmates, it was not because you had more Time, but because you used your Time more advantageously.

For some of you, Time will lay its store of good deeds done, of noble ambitions carried out, of kindness and sympathy scattered with lavish hands, and of consideration and toleration shown your fellow companions. Such use of Time gives it an enduring quality which nothing can take away.

The Past is gone. The Future has not yet come. The Present is what you have done. The Past you cannot change, nor can you draw upon the Future, but you can use the Present.

Best Wishes and Success to all.

Sincerely,

Harold L. Schaefer,

Supervising Principal

With the largest membership ever enrolled, the 1947-48 P. T. A. succeeded in injecting a new note of civic interest into the activities of our school. By observing and quietly correcting the deficiencies as they appeared, this organization's influence will be felt by many future classes.

One instance was the purchasing of swings for the playground. The willingness of the grade pupils to remain long after school hours expressed their appreciation and enjoyment of the swings. Another project this year that especially concerned the lower grades was the morning milk program. The Hallowe'en Party, anticipated by both children and adults and sponsored by the P. T. A., has become a Hughesville Institution.

The high school was substantially aided in several departments, including a contribution to the purchase of new stage scenery for the use of school and community.

As a fitting climax to a successful year, a dinner for officers, committee members, grade mothers and teachers was held.

PARENT TEACHER ASSOCIATION

The 1947-48 officers were: second row, left to right, president, Mrs. T. Justin Myers; treasurer, Mrs. James Nuss; first row, left to right, assistant secretary, Mrs. Grant Whipple; secretary, Mrs. Clifton Smith. (Vice-president, Mrs. Charles Daugherty, not in picture)

The Student Council, which meets every week, consists of a democratic representation from each grade. It is here that legislation, suggestions, violations and grievances of the school are discussed and acted upon.

It is through the efforts of the Student Council that these assembly programs were made available. They were as follows: September 25, Gangster; October 13, Bertrand Shurtliff (wrestler); December 15, Ambassador Quartet; January 27, Polememe Potters; February 20, Nevin and Co. (magician); March 24, Robert T. Edgar (scientist). Other activities of the year included an all-school party and dance and several movies.

The Student Council sponsored the purchasing of stage scenery costing $423.87, and their aiding project consisted of a student-faculty play, under the efficient direction of Mrs. Louise Waters. Other sources of help came from the classes of 1944 and 1947 and the P. T. A.

The final project of the year was the cleaning of the stage curtains.

The officers and committee chairmen for 1947-48 were as follows: president, Harry Ritter; vice president, Doris Hill; secretary, Emma Harding; treasurer, Betty Jene Sones; Scholarship, Emma Harding; Assembly, Betty Jene Sones; Civic and Social Affairs, Jean Rogers; Activities, Charles Gansell; Service and Etiquette, Thelma Craig.

A special feature of the Student Council is the presentation of Honor Keys to any Senior earning a total of thirty-five points in scholarship and extra-curricular activities.

WHAT WE SENIORS FEEL

For twelve long years, we've passed through these halls,
Where fame and honor for us falls;
Our work here is finally done
With all our years of toil and fun.

As we look back through these long last years,
It brings to our eyes parting tears;
As memory o'er us now will steal,
We know how other grads will feel.

Though our high school years are past,
We know now we've left the best for last;
For long shall we cherish all we've done,
Our lives are not finished, they are just begun.

Thanks to our parents who sacrifice all,
Thanks to the school board for any favor small;
Thanks to our teachers never tired of our work,
Thanks to our classmates for efforts not shirked.

We've grumbled and fumbled with our ideas great,
We've laughed and we've loved with many a mate;
But here's to our Alma Mater small,
We'll stand by you forever, though your walls may fall.

Seniors, now alumni, let's do our part,
To ever keep before us this grand start;
Let's make a name for ourselves to be proud,
A name dear old Hughesville High can shout loud.

Time will take care of itself, we are told,
But we now, dear classmates, part—friends of old;
Let time keep a spark of our loyalty aglow,
May time help us appreciate Hughesville High as we go!

Delphine Trick.

CLASS SONG

(The Wiffenpoof Song)

From the halls we love so well,
From the place where friendships dwell,
To our teachers and our books we bid farewell,
There's a faint mist in our eyes
As we say these last good-byes,
And the time of our parting has come nigh.
It has been a long, hard grind,
As we leave it all behind,
Happiness and pleasure we shall hope to find;
We are leaving our dear Hughesville—
Though years may come and go
It will never be forgotten—this we know.

Chorus

We'll always be true
To the Orange and Blue,
Dear Hughesville High!
There has been so much fun
When our work was done
At Hughesville High!
Class of Nineteen forty-eight,
Remember what e'er may be our fate,
Here our memories will ever lie
At Hughesville High!

—Shirley Fiester

ACTIVITIES

YEARBOOK STAFF

The staff, with the help of the advisers, began its work early in the fall. At the first meeting a new method of advertising to increase the number of patrons was discussed. Covers were selected and the first plans of the book were drawn up.

Senior pictures were taken early in October. Subscription sales exceeded any previous year. There still remained a sum in the yearbook treasury from last year, so new ideas and more pictures were planned. After Christmas group pictures were taken, and the written material was assembled.

As a farewell party for the old and a reception for the new staff, a banquet was held at The Lucille Tearoom in May.

MONARCH STAFF

Last spring the first issue of the school paper was published with Marian Brungard as the Editor. Each of the three succeeding issues has showed much improvement, and the February issue is truly a creditable piece of work.

During the year the staff, with the consent and help of the School Board, purchased a new mimeograph machine costing $303.00. A gift of $50 was donated by the class of 1945 for this purpose. The mimeograph machine has proved a great asset to the paper.

Last year the staff climaxed spring activities with a tour through the Grit Building and a banquet at the Lucille Tea Room.

Cooperation is our key word and is responsible for the marvelous work the staff has accomplished. Congratulations go to the old staff, and welcome goes to the new staff!

FUTURE HOMEMAKERS OF AMERICA

The Future Homemakers of America is a national organization of students studying homemaking in the public secondary schools of the United States. The motto of the F. H. A., "Toward New Horizons," expresses the eight purposes of the organization—learning to live better today in order that our lives and those of our families may be better tomorrow.

The organization increases opportunity for the development of leadership and intelligent participation in home, school and community life. In all club meetings a program has been developed through readings, movies, quiz kid programs, question boxes, study units, debates and talks in order to inspire this work through our school, club, home, selves and community.

Hughesville F. H. A., with Mrs. Marie Merrell as Chapter adviser and with sixty club members helping complete the successful project, continued to sponsor the school lunch program. The club has the honor of receiving many Farm Show Awards, one of them being that of a state F. H. A. song entitled "Tell Me F. H. A." written by Phyllis Westcott, who is Lycoming County F. H. A. president and first vice president of Pennsylvania Future Homemakers of America for 1947-48. The club awards and home project achievements were high in placement at the Lycoming County Fair.

Local F H. A. officers are as follows: president, Mary Louise Townsend; vice-president, Phyllis Westcott; secretary, Emma Harding; treasurer, Betty Jene Sones. Including the officers, the Advisory Board consists of Charlotte Reese, Lois Lanna Long, Doris Hill and Harriet Jane Long.

FUTURE FARMERS OF AMERICA

This makes a banner year for the Hughesville F. F. A. Wih a paid up membership of forty, the results have paid off in terms of accomplishment the efforts expended.

During the year the chapter broadcast two half hour radio programs over W.R.A.K. It placed a close second to Williamsport in the annual F. F. A. county judging contest. At the 1947 Lycoming County Fair the following boys took first and second places with their plant projects and second place in the animal project contest, in addition to receiving several other awards in our division contests: John Reed, Ralph Weaver, Gene O'Conner, Harland Shaner, Gene Harris, Clyde George, Lester Poust, Elias Whitmoyer, Albert Rider, John Farnsworth, Richard Ryder, James Keller, Rex Smith and Lewis Harman.

Elias Whitmoyer and Lester Poust were elected delegates to represent Lycoming County at the State Convention at Harrisburg during Farm Show Week. Our award winners at the Farm Show were: Elias Whitmoyer, clover seed and potatoes; Lester Poust, honey; Paul Stackhouse, corn.

Three of our members hold office in the county branch of the F. F. A.—Elias Whitmoyer, president; John Reed, vice-president; Don Rupert, secretary. Local chapter officers are: president, Elias Whitmoyer; vice-president, Charles Gansell; secretary, Ralph Weaver; treasurer, John Reed; reporter, Gene O'Conner; chaplain, Don Rupert.

The enthusiastic interest displayed by the members of this splendid organization speaks well for its adviser, Mr. Merrell.

ORCHESTRA

The orchestra, consisting of twenty members, was directed by Mr. Gowers of Muncy. The first semester was spent in individual instruction. During the second semester the orchestra played for the Oratorical Contest and Commencement.

COMMERCIAL

The Business Education Department of our school offers various business courses to juniors and seniors. There are five classes of typewriting composed of academic, vocational, and commercial students.

The typing and mimeographing of the Monarch and the typing of copy for the Yearbook are invaluable experience for many of the students. For the last P. T. A. meeting of the term the commercial department had an exhibit of typing and mimeographing and students demonstrated for the parents.

Several members of the shorthand class enter the annual national O. G. A. (Order of Gregg Artists) Contest.

Mrs. Starr and Mrs. Wintersteen extend their best wishes to the Class of 1948.

ENGLISH

In English class emphasis is placed on understanding the grammatical structure of a sentence as preparation for learning to speak and write correctly; to build clear, forceful sentences; to punctuate correctly and to read understandingly both prose and poetry.

Good speech and writing habits are most to be desired—and harder to secure—than a knowledge of correct forms. Because of the power of environment, a period a day in the class room cannot rectify many of the provincial defects. Our graduates should be able to write a correct letter and those who have training in preparing the school publications, a newspaper article.

In addition to the technical side of the work, which is large enough to take all the time, another aim is to teach an appreciation of literature which brings delights to one's leisure hours. In this case, the study of English authors begun in the junior high school is culminated in selections from "Beowulf" to "Gulliver's Travels" and interest and curiosity in reading magazine articles and books are stimulated by the Reader's Digest program of reading for pleasure and profit.

COMMERCIAL ART

Throughout the term the Commercial Art class under the direction of Mrs. Fetter worked in an atmosphere similar to that of a Commercial advertising studio on a variety of projects which compared to those handled by the average layout man.

As preparation for this work the class studied lettering, the psychology of advertising, and the art principles in terms of good layouts and advertisements. They tried their skill in various mediums and technique, creating designs for posters, magazines and newspaper ads, illustrations, book-jackets, billboards, direct mail bulletins, and many other types of commercial advertising.

As a grand climax each student made a book in its entirety—wrote the story and illustrated it; made the book-jackets, the cover, and the end papers for it; and finally bound the pages into a complete and interesting book.

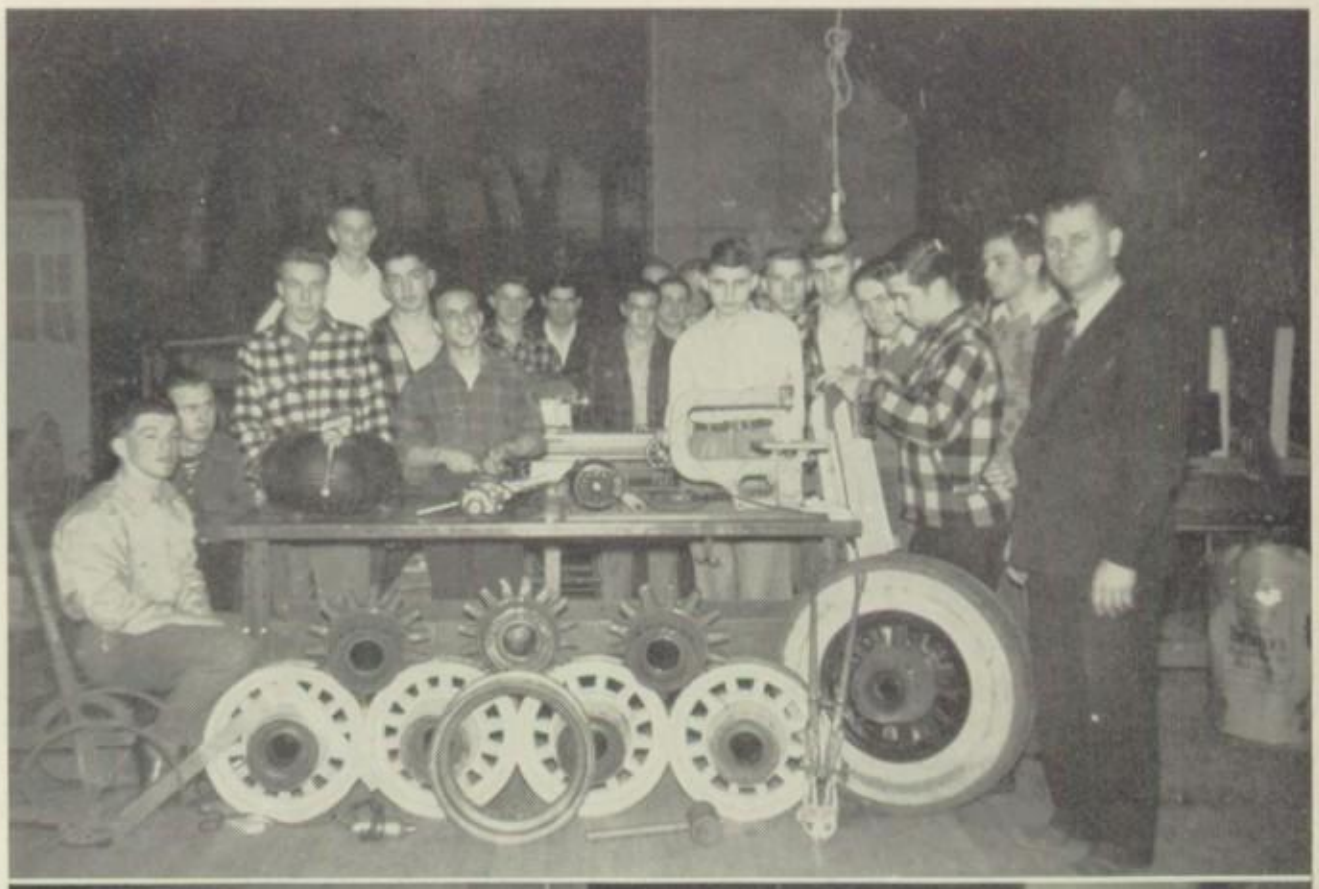
SPECIAL ART AWARDS

Again this year we had a very favorable showing of Art work at the Lycoming County Fair. We received cash premiums for forty different entries, ranging from crayon and chalk drawings to oil paintings and craft objects.

In April we sent seventy pictures to the James V. Brown Library in Williamsport to an exhibit and contest sponsored by the College Club. This contest was open to all Lycoming County schools having an Art Supervisor. Brua C. Keefer of Williamsport gave prizes amounting to $200. Jean Rogers, a junior, received an honorable mention in the high school division and Mary Poust, a ninth grader received five dollars and fifty cents in the junior high school group.

VOCATIONAL AGRICULTURE AND FARM SHOP

This is a typical picture of what one might find being done in farm shop. The operation, care, and repair of farm machinery has long ago come to be recognized as an integral part of vocational agriculture. The picture shows very briefly the modern trend in farm machinery—the trend from the old, high, steel-wired wheels to the modern, low, rubber-tired wheels. Here are but a few of the many implements that have been transformed this year in our farm shop. Other repairs include a tractor, harrows, and shop machinery, and our construction list consists of two range shelters, two pig feeders, a wagon box, and a B.P.W. Club emblem. Much creditable work, under Mr. Merrell's supervision, has been accomplished by the boys during the year.



GIRLS' CHEMISTRY

The Girls' Chemistry class under the supervision of Mr. Creveling, experienced a very interesting and profitable series of experiments during the school term. Aside from the regular course in chemistry, a unit of work in cosmetics was studied. Here the girls actually prepared such products as: cold cream, cleansing cream, vanishing cream, skin lotion, face powder and tooth powder. Also a study of the various harmful ingredients found in many brands of cosmetic products was made.

HOME ECONOMICS

Home economics education, under the supervision of Mrs. Marie Merrell, completed various units of work during the year.

Vocational home economics furthers the study of every girl's problems which she must encounter in her vocation, through instruction units as, foods, clothing, home relationships, home furnishing, consumer education, good-grooming, table etiquette, child care, textiles and nutrition. In general, the course promotes a student's knowledge of home-loving opportunities. These experiences also furnish a background for any choice of vocation.

General home economics given to all junior high school students provides fundamental instruction for clothing and food classes. Other opportunities offered help prepare the pupil for her selected vocation in senior high school.

The following girls have received state recognition with work presented at the Farm Show this year: Wilma Broam, clothing $3.00; Delphine Trick, canning $2.00; Kathleen George, canning $7.00; Phyllis Westcott, P. F. H. A. song $15.00.

ATHLETIC ASSOCIATION

Attending basketball games, cheering for the Greenies, promoting good sportsmanship, financing all athletic activities and presenting well earned awards, the Athletic Association backed up our sports in a very enthusiastic manner.

In addition to its moral support the Athletic Association is the backbone of intramural sports in the school. Its importance is revealed in the fact that it has the largest membership of any organization in our school.

The officers are: president, Dale Smith; vice president, Donald Myers; secretary, Shirley Stiger; treasurer, Mary Louis Townsend.

Mr. Ashkar, supervisor of the Athletic Association, also is faculty manager of all athletics.

BASKETBALL

Our 1948 basketball team was runner up for the West Branch League Championship. After dropping the opening league contest to Muncy, Hughesville got rolling and wasn't beaten during the rest of the first half. Among the victories was a 44-17 win over powerful Montoursville.

After Hughesville and Watsontown tied for the first half, Montoursville undisputedly won the second. Hughesville defeated Watsontown in a three-game series, but dropped two in succession to Montour. The season ended with Montoursville West Branch League Champions.

The 1948 team was led by Tod Sones and Dave Armstrong as forwards. These two, along with Jay Harris jumping center, made up the offense. Don Myers and Lloyd Flick in the back court made a fine pair of defensive guards.

Next year's team will lose only four players by graduation: Tod Sones, Jay Harris, Lloyd Flick, and Charley Gansell. May Hughesville have a Championship team in 1949!

CHESS

Dating back to 4000 B. C., chess probably is the oldest known game in the world. It is a game of skill, requiring imagination and thinking ability.

Club members found chess playing a worthy use of leisure time. Having learned the value of the pieces, they read and played by notation. By actual participation they became skillful players.

The chess club, a new one for our school, organized and supervised by Mr. Schaefer, had the following officers: Harry Ritter, president; Kathryn Myers, vice president; Shirley Fiester, secretary.

DRAMATIC

The dramatic club with Mrs. Waters as its supervisor, met with immediate popularity among the dramatically inclined members of the junior high school and the sophomore class.

They elected officers for the year as follows: president, Ruth Morgan; secretary, Vivian Gardner; treasurer, Patty Fischer.

The club was organized to discover and develop dramatic ability among students prior to the junior class. The young Thespians wrote and produced skits in their club meetings and presented an assembly program during the year.

TRI-HI-Y

Under the supervision of Mrs. Martha Starr and Mrs. Melva Wintersteen, a large group of high school girls formed the Hughesville Chapter of Tri-Hi-Y. They elected officers, president, Betty Jene Sones; vice-presidnt, Doris Farrar; Secretary, Norma Mae Eder; treasurer, Emma Harding; and selected Mrs. Raymond Diggan, home representative, Mrs. Owen Long, church representative, and Mr. Harold Schaefer, school representative.

The purpose of the club is to create, maintain, and extend throughout the school and community high standards of Christian character. Their slogan, "Pure Words, Pure Thought, Pure Actions", puts the ideals of the club into words. "To Seek, To Find, To Share" puts those ideals into action. The colors, Red, White, and Blue exemplify Sacrifice, Purity, and Loyalty.

Since the Tri-Hi-Y Club was a newly organized club, officers of the Montoursville Club, under the direction of Miss Mildred Kelly, installed the Hughesville officers and inducted the members. Mr. Watkins, representative of the Y.M.C.A., presented the charter to the club's president. The installation service was preceded by a tureen supper held in the auditorium.

During the year discussions on the topic, Teen Talk, were held and the club members visited the churches of the community in a group.

CAMERA

Since photography is a popular hobby, the Camera Club was an important member of our club agendum. The aim of its members led by the president, Harold Gardner; vice-president, Gene Taylor; secretary, Donald Myers; treasurer, Elizabeth Little and supervised by Mr. Creveling, was to become better acquainted with the processes of photography.

The year's activities included printing and enlarging pictures, developing films, and building a dark room.

HUNTING AND FISHING

The aim of this club, supervised by Mr. Kelsey, was to create among its members greater respect for our hunting and fishing laws and to acquaint them with information on conservation and propagation of wild game and fish.

In addition to making a study of the laws, the members learned the proper and safe ways of carrying and handling guns and respect for the property of farmers. They learned not only the various species of game fish but also their habits of feeding and their habitats.

The officers were president, Dan Little; secretary, Albert Rider.

WRESTLING

With a membership almost entirely of junior high boys, the first wrestling club was organized this year by Mr. Ashkar, its adviser. Its aims were to give good physical training, provide a source of wholesome recreation, develop suitable material for the varsity wrestling team, encourage physical initiative and resourcefulness, and teach the manly art of defense.

VOLLEY BALL

In organizing the volley ball club, Mr. Menges provided instructions in rules and actual play in another sport. About forty boys and girls took an active part in this new sport.

CRAFT

The Craft Club under the supervision of Mrs. Fetter was organized to give the students who enjoy working with their hands the opportunity to try their skill at creating various objects.

Bernadine Andrews was elected president; Jean Farrar, vice president; Jay Stugart, secretary; Beverly Andrews, treasurer.

A committee, after consulting the club members, made plans for the group to try their skill in soap-carving, foil tooling, weaving, and decorating useful objects made of wood.

LIBRARIANS

With the opening of school last fall, our volunteer librarians, assisted by the school secretary, immediately began placing the books in their proper positions on the shelves, repairing them, and keeping the library in presentable condition. This work, with Mrs. Plotts as faculty adviser, continued at intervals throughout the year.

Librarians for the 1947-48 term were: First row (left to right): Margery Montgomery, Betty Rooker, Phyllis Westcott, Kathryn Myers, Thelma Craig.

Second row: Emmaline Clark, Delores Myers, Marian Brungard, Betty Jene Sones, Emma Harding.

Third row: Audrey Poust, Mae Schultz, Arlene Montgomery, Mrs. Plotts, Mary Louise Townsend.

BOYS' ENSEMBLE

From overalls and "Old MacDonald Had a Farm", for "Just Ducky" to dark suits and "Your Land and My Land" for "Willie's Weekend", the boys have sung more songs and appeared before more audiences than any previous boys' chorus.

Members were chosen as the need arose. Those who from time to time made up the ensemble were: First row (left to right): Edwin McCarty, Guy Temple, Cleo Andrews, Paul Harding, Gene Taylor.

Second row: Don Myers, Eugene Winter, Dan Little, Justin Myers.

Third row: Gene Harris, Charles Daugherty, Harry Ritter, Harold Gardner.

GIRLS' ENSEMBLE

The girls' ensemble sang at various events during the school year. At "Seventeen," the Jr. Class Play, and the Sr. Class Play, they were joined by the boys' chorus. They also participated in the annual Rotary Minstrel.

Two new members, Anna Hill and Joan Diggan, filled the places vacated by Virginia Hopkins and Louise Slattery.

Mrs. D. K. Townsend directed the mixed chorus for the plays and Ted Hill, for the Minstrel.

The members were as follows: sopranos—Doris Farrar, Eloise Boyer, Arlene Montgomery, Mary Louise Townsend, Mary Anne Stolz; mezza sopranos—Jean Stuempfle, Louise Houseknecht, Carolyn Eddy, Anna Hill; altos—Anne Townsend, Katy Myers, Joan Diggan.

BOY SCOUTS

The Boy Scout organization of Hughesville consists of three groups. Those from nine to twelve are in the Cub Packs under the leadership of Rev. Carl Helt, cub master. Boys from twelve to fifteen belong to Troop No. 26, with Lewis Creveling, scoutmaster; Amos Smith and Grant Myers, assistant scoutmasters. Post No. 126 is a senior unit consisting of scouts fifteen years of age or older; Lewis Creveling, post adviser. The Hughesville School District very capably serves as the sponsoring institution.

The troop committee consists of the following: John Kelsey, chairman; Cletus Merrell, vice chairman; Harold L. Schaefer, treasurer; Myron Fiester, secretary; Burton Morgan, chairman of the East Lycoming District; Myron Fiester, also secretary of the East Lycoming District; Roscoe Corson, Earl Kohler, Earl Burkhart, Dr. C. G. Renn, and Dr. I. T. Gilmore.

During the summer of 1947 the scouts enjoyed one week of camping at Rouses Lake under the supervision of Lewis Creveling, Rev. Carl Helt, Amos Smith and Myron Fiester. Other scouts enjoyed a week at Camp Kline. Troop No. 26 also took part in a Camporee held at Sportsmans Park.

The fall of 1947 again found the scouts busy at the Hughesville Fair.

During the winter and spring of 1948 the scouts took part in the following activities; collection of waste paper, window display at Mr. Earl Kohler's store, a toboggan party at Eaglesmere, a special church service at the Evangelical Church and many other interesting activities.

The Boy Scouts are ready and willing at all times to serve school, church, community and nation.

GIRL SCOUTS

An organization meeting held in our high school building in February and a training course meeting at the home of Mrs. Charles Walters in March resulted in the forming of three troops.

Brownie Pack Number 51, consisting of girls from seven to ten, is under the supervision of Mrs. Richard Boak with Mrs. Raymond Fleming, assistant. Their program includes hikes and picnics, and work in arts and handicrafts for the coming winter.

Intermediate Troop Number 21 is led by Mrs. James Montague with Miss Ruth Smith and Mrs. Brady Speary, assistants. A Fly-Up party with the Brownie Troop, a cookie sale, and organization meetings are their activities to date.

Mrs. Martin Brosius, with Mrs. Elwell West, Miss Mary Barto and Mrs. Charles Walters, assistants, is in charge of Senior Troop Number 243. Their recreation consists of bowling, basketball, shuffle board and ping pong. They expect to play tennis and baseball and later, organize bowling and basketball leagues. A mother and daughter banquet and a fathers' night, with the girls as hostesses, are on their program.

Approximately seventy-five girls belong to the three scout organizations. There are three troop committees consisting of five members each. The Business and Professional Women's Club of Hughesville is sponsoring Girl Scouting.

OUR EMBLEM

In the annals of all secondary schools, there is somewhere a page dedicated to the praises of the school emblem. This custom arising from ancient superstitions regarding the beneficial results obtained by invoking the powers of certain animals was fulfilled by one of our prominent citizens in 1928.

The second year our building was occupied, Mr. Theodore Boak gave the school a moose head, a mounted specimen of a successful hunt in the wilds of Canada, saying he preferred giving the school the trophy to having it in his own home. It was accepted by the Board of Education who designated our former janitor, Mr. Chester Houck, to place it in a selected location. He and Mr. Samuel Gaunt, then president of the Board of Education, disregarding suggested positions, which ranged from a cage inside the auditorium to an isolated spot on the second floor, placed it in its present location over the inside entrance to the auditorium.

Gradually the moose head from its prominent position won the favor of the high school students and a number of them from time to time selected class rings bearing the figure of a moose head. Its popularity grew until it was adopted as the official insigne of the school and the moose head emblem was made by the L. G. Balfour Company February 8, 1938. From the Balfour emblem the banner which hangs in the auditorium and the cut of the moose head which appears on the Yearbook cover were designed.

Mr. Boak, our benefactor, knowing this ancient superstition and realizing the importance of a symbol of loyalty, gave both students and faculty a symbol of lasting and mutual value. As long as there is a spark of school spirit left in the graduates of the Hughesville High School, there also will be The Moose head.

PROPHECY

It is June 1, 1958. I have been looking through our class Yearbook which brings back memories of days that are gone forever. We were eighteen that year, young and eager for the unknown future, the life just ahead of us. I wonder if things have turned out well for my classmates, if their hopes and dreams have come true. There's really no way of finding out, no way of knowing whether the lives they are living today and the careers they are pursuing are the ones they planned and hoped for that day long ago—the day of our Commencement.

Betty Campbell and Eleanor Sheets have taken over "Willie's" at Picture Rocks and are now operating a pool room which is Chet's chief competitor.

Mary Ellen Snyder and her husband, Frank, have opened a beauty parlor at Pine Summit. Frank cuts the hair and Mary Ellen waves it.

Charles Gansell has found success in Hollywood and is now doubling for Jimmy Sewart in his new picture, "For Whom the Oil Boils."

Guy Temple is residing with "Doc" Renn and has been voted "most efficient driver of 1958" by all of Hughesville.

Eloise Boyer has started a dancing school. Bulldog has quite a time keeping her shoes soled.

Harry Ritter is still trying to "pin" his man, but this time it's Mr. Shaffer.

After contributing stories to that magazine for ten years, Marian Brungard has been appointed editor of "True Story."

Judson Speary is operating the newly installed elevator at H.H. S. He specializes in trips to Staving's during classes.

Betty Rooker is raising Mexican jumping beans. She is using her knowledge of Spanish in teaching them to talk.

Thelma Craig bought Judd's square dance hall and employs Harold Gardner's orchestra with Della Charles as star vocalist on Saturday nights.

Rusty Stolz, while working at the American Store, won a screen test with the top of a Super-Suds box. Over night he has become the "Great Lover" of the Silver Screen.

Jean Mordon is the new proprietress of the Unityville Garage. Wayne Lore is head windshield cleaner and tire tester.

Tod Sones and Dale Smith are still rivals for the coaching job at H. H. S. Their rivalry has become so tense that Dale carries a knife and Tod a .22 at all times.

Betty Jene Sones is new manager at Trout Ponds Park. She sells tickets, serves ice cream and soft-drinks and has a skating class for beginners.

Margery Montgomery and Estherbelle McCoy are wanted in all western states for cattle rustling. They ship the stolen heads back East to Eugene Schneider who has taken over Krause's Meat Market and specializes in "stray dog" hamburg. Things have come to such a point that the citizens of Hughesville are afraid to let their pets out on the streets alone.

After the pennant man was here in '48, Jay Stugart decided to deal in felts and is now selling pennants, hats, etc. to high school seniors.

Norma Mae Eder has taken her Eskimo suit and is now residing in Alaska. She teaches little Eskimos the songs which she learned while a missionary in the South Sea Islands.

Louise Houseknecht is a freshman at Bucknell. She has just received a convertible for ten years of loyal service as a freshman.

Albert Rider is manufacturing western boots for his own rodeo.

Arlene Montgomery and Johnny are delivering ice to Hershey for the hockey games. They have developed

a process by which their ice is guaranteed not to melt.

Harriet Jane Long, because of her experience as a hunter, is now in South Africa supplying the New York Zoo with wild life.

Jay Harris has been voted by countless females as "the answer to every maiden's prayer".

Delphine Trick is running a nursery school with Clinton Fenstermaker as her orderly. In their spare time they write books on child psychology on which subject they are considered authorities the world over.

Up at Ted's is Lloyd Flick celebrating a 3c raise at the silk mill. He now receives 13c an hour.

Katy Myers has taken over her father's business of driving busses and installing oil burners. In her spare time, she sings to the little "Whities".

Sarah Hall is now following the fair with a gypsy caravan telling the fortunes of all those who will pay the sum of 50c to enter her tent.

Gene Winter has been hired by Gordon McCarty as driver. He advertises "day and night" service.

Shirley Fiester, after working as lumberjack in the North Woods, has been promoted to foreman at Armstrong, Armstrong, and Armstrong Lumber Yards.

Emmaline Clark is running for Congress on the Vegetarian ticket.

Erla Rider has perfected a blonde rinse which is guaranteed not to fade in the rain.

Harold Rider is Hughesville's newly elected mayor.

A the Minneapolis speedway we find Shirley Shaffer driving a midget racer. She is one of the few women who have the courage to enter the races.

Delores Myers is now writer of the Lovelorn Column of the Sonestown News.

Elias Whitmoyer has developed a very special type of potato, one that grows above ground, already peeled and baked.

Kathleen George is now head of a new "traveling kitchen". She goes to deserted sections of Lycoming County, cooking meals for the undernourished.

Mae Schultz is Lycoming County's first woman boxer. She is scheduled to compete for the World Title in the near future.

Allen Stugart has joined Admiral Byrd's Antarctic Expeditions and is hunting walruses in the icy waters of Little America.

Paul Harding and Phyllis are now engaged in supervising Camp Meetings at the Upper Island.

After having been Miss Lycoming County at the 1946 Hughesville Fair, Mary Louise Townsend now hopes to be Miss Pennsylvania in the coming Miss America contest at Atlantic City.

Emma Harding's experience as secretary of the Senior Class, Student Council and F. H. A. has stood her in good stead. She is now secretary of the Board of Education, The Mellen Manufacturing Company, and The Hughesville Textile Company.

I close the covers slowly. Each, in his own way, has reached a goal, realized a dream. But if the lives they're living now aren't exactly the ones planned for, I hope my classmates are, nevertheless, happy.
